### Page 1 of 5 Important Information Prior to Travelling to Mozambique **Tourist Visa Conditions**

Australian passport holders are required to have a visa to enter Mozambique. Since Mozambique does not have an embassy in Australia, these visas may be issued upon arrival in Maputo or at most boarder crossings for a cost of US\$80.

Passports should have blank pages and be valid for 6 months beyond the period of intended stay. Travellers must also be able to show documents confirming their hotel bookings and tickets/entry documents for their onward destination.

For further information and to confirm that you are eligible to receive a visa at your port of entry to Mozambique, please contact a Mozambican mission on the details below.

### Vaccinations and Health Precautions

The following information is intended as a guide only and in no way should it be used as a substitute for professional medical advice relative to a travellers individual needs and vaccination history. No guarantee is made as to its accuracy or thoroughness. For further information, please contact The Travel Doctor on 1300 658 844.

Vaccination against Hepatitis A is recommended for travellers to Mozambique. Vaccination against Hepatitis B, Rabies (particularly if working with animals) and Typhoid (particularly when travelling to areas with poor sanitation and hygiene) should be considered by frequent or long stay travellers to Mozambique. Cholera is reported in Mozambique but vaccination is generally not recommended. Care with food and beverage selection is far more important. There is a high risk of Malaria in Mozambique and Dengue Fever also occurs, thus insect avoidance measures and anti malarial medication may be necessary depending on your itinerary.

Regardless of destination, all travellers should be up-to-date with their routine "background" vaccinations, including a recent annual Influenza vaccination. Please consult a medical practitioner or contact The Travel Doctor for your specific risk to these preventable diseases and the appropriate avoidance measures. Australians travelling to Mozambique should ensure that they have adequate travel insurance to cover the length of their stay. Medications that are legal in Australia may be illegal in other countries. For further information on insurance, taking medication overseas and other issues please visit <u>www.smartraveller.gov.au/tips</u>.

<u>Reconsider your need to travel</u> by road along the EN1 road between Save River and Caia in Sofala Province, and the EN6 road between Beira in Sofala Province and Chimoio in Manica Province, due to armed attacks on vehicles. In Sofala Province, banditry and politically-motivated violence have been reported. See <u>Safety and security</u>.

Kidnapping and other violent criminal activity is increasing in Maputo and Beira. Avoid walking at night, even in well-known tourist areas. Avoid isolated beaches. See <u>Safety and security</u>. Avoid all demonstrations and protests as they can become violent. See <u>Safety and security</u>.
