Page 1 of 5 Important Information Prior to Travelling to Chile

### Current DFAT Travel Advice

This advice is current for Mon, 5th November 2018.

*Exercise normal safety precautions in Chile. Use common sense. Look out for suspicious behaviour. Large-scale protests can occur in Chile, including in central Santiago. Tear gas and water cannons have been used in the past by local authorities. See [Safety and security](#). Avoid all demonstrations and protests as they may turn violent without warning. Monitor local media for information, particularly before visiting central Santiago or other major cities. See [Safety and security](#). Tourists have been robbed and assaulted by taxi drivers or their accomplices. Book taxis by phone, particularly if travelling alone or at night. Prepaid official taxis are available at the airport. Ensure that the vehicle has the logo of the company on the side. See [Safety and security](#). Bag snatchings at restaurants and scams occur, including where a substance is squirted onto the back of a tourist and thieves 'assist' the individual to clean up in order to steal their bag. See [Safety and security](#).*

*If you have Chilean heritage, you could be deemed a Chilean national under Chilean law, even if you've taken steps to renounce Chilean citizenship. If you are, or could be, a dual citizen, check visa requirements with an Embassy or Consulate of Chile. See [Entry and exit](#).*

The above information is an edited excerpt of the Travel Advice Summary from The Department of Foreign Affairs and Trade. Travellers are encouraged to read the travel advice in full, subscribe to updates to this advice and to register their presence in Chile at [www.smarttraveller.gov.au](http://www.smarttraveller.gov.au).

### Tourist Visa Conditions

Australian ordinary passport holders do not require a visa to enter Chile as a tourist. Australians will be issued a tourist card upon arrival that will allow them entry into Chile for up to 90 days and will be charged a reciprocity fee payable in cash (the fee is around US\$117 but changes regularly so please contact a Chilean mission on the details below to confirm the current price). The tourist card should be retained as it may be required at the time of departure from Chile. Passports should be valid for 6 months beyond the period of intended stay.

Travellers should also be able to show documents confirming their ability to financially maintain themselves, as well as tickets and entry documents for their next destination. Special conditions apply to any children under the age of 18 years.

For further information, and to confirm that you are eligible to travel to Chile without a visa, please contact a Chilean mission on the details below. Persons travelling via the US are reminded of their obligation to comply with US entry and transit requirements.

### Vaccinations and Health Precautions

The following information is intended as a guide only and in no way should it be used as a substitute for professional medical advice relative to a travellers individual needs and vaccination history. No guarantee is made as to its accuracy or thoroughness. For further information, please contact The Travel Doctor on 1300 658 844.

Vaccination against Hepatitis A is recommended for travellers to Chile. Vaccination against Hepatitis B should be considered by frequent or long stay travellers. Vaccination against Typhoid should be considered particularly when travelling to areas with poor sanitation and hygiene. Cholera is reported in Chile, but immunisation is usually not recommended. Care with food and beverage selection is far more important than vaccination.

Regardless of destination, all travellers should be up-to-date with their routine "background" vaccinations including for Influenza. Please consult a medical practitioner or contact The Travel Doctor for your specific risk to these preventable diseases and the appropriate avoidance measures. Australians travelling to Chile should ensure that they have adequate travel insurance to cover the length of their stay. Medications that are legal in Australia may be illegal in other countries. For further information on insurance, taking medication overseas and other issues please visit [www.smarttraveller.gov.au/tips](http://www.smarttraveller.gov.au/tips).

### Notes and Coins

The legal currency of Chile is the Peso, which is abbreviated using the symbol "\$" and has the currency code "CLP". The peso does have a subunit, but it is too small in value to be used in day to day transactions. The following units of currency are the most common however other units are also in circulation. Pictures are not to scale. As it is illegal in many countries to print copies of bank notes, travellers are advised not to take the below images with them when travelling.
